- (c) The letter from the Chair, Clean North requesting Council's endorsement of a Freecycling Day on Saturday, April 16, 2005 was received by Council.

Moved by Councillor B. Hayes

Seconded by Councillor N. DelBianco

Whereas Clean North is planning a Freecycling Day which involves residents placing unwanted items at the curbside in front of their homes with a sign that identifies the item(s) as "Free"; and

Whereas items that could be placed curbside include items that are placed in yard or garage sales; and

Whereas this event will promote recycling of potentially reusable items that might otherwise be dropped off at the landfill site; and

Whereas there will be no cost to the City for this event;

Now therefore be it resolved that Council express its support and endorsement for Clean North's Freecycling Day to be held in Sault Ste. Marie on Saturday, April 16, 2005. CARRIED.

- (d) Correspondence from AMO was received by Council.

5. (e) The request from Our Lady of Mount Carmel Church for temporary street closings on portions of Cathcart, Hudson, Albert and Allen Streets on June 13th from 5:00 to 7:00 p.m. in conjunction with the St. Anthony Day Procession was accepted by Council. Resolved that Council extend an invitation to Dr. Roger Strasser, Founding Dean and Professor, Northern Ontario School of Medicine to come to Sault Ste. Marie for a meeting with City Council and other interested parties concerning Sault Ste. Marie's participation in the Northern Ontario School of Medicine. CARRIED.

- (g) The letter to the Minister of Human Resources and Skills Development from Mayor Rowswell requesting that the minister commit to the development of a Training Board for the Sault Ste. Marie area was received by Council.

Moved by Councillor B. Hayes

Seconded by Councillor N. DelBianco

Whereas since 2001, Algoma is the only District in Northern Ontario that does not have a Local Training Board to identify and facilitate community training and recruitment which is required to ensure successful economic diversification in the District; and

Whereas a skilled workforce is a critical component of any community's attempt to capitalize on its opportunities and this has been clearly identified by Destiny Sault Ste. Marie in its strategy; and

Whereas without a Local Training Board it is difficult to effectively assess and plan for the future labour market needs of our community's growth efforts; and

Whereas Sault Ste. Marie's academic and business communities, along with other neighbouring municipalities, are supportive of the development of an Algoma District Training Board,

Now therefore be it resolved that City Council supports the request of Mayor John Rowswell to the Honourable Lucienne Robillard, Minister of Human Resources and Skills Development as set out in a letter dated March 7, 2005 and requests the Minister's assistance and support for the establishment of a Training Board for the District of Algoma similar to those currently in existence in other Districts of Northern Ontario. CARRIED.

- (k) The letter from the Canadian Blood Services updating Council on the results of Canadian Blood Services' recent transportation simulation was received by Council.
- (l) The letter from the Executive Director, Algoma Family Services requesting a Council resolution in support of further funding from the Province of Ontario for core children's mental health services was received by Council.

Moved by Councillor B. Hayes

Seconded by Councillor L. Turco

Whereas Children's Mental Health Ontario promotes, supports and strengthens a sustainable system of mental health services for children, youth and their families; and

Whereas last year treatment for thousands of children was disrupted and compromised because children's mental health agencies in Ontario lost 212.6 FTE positions due to funding constraints; and

Whereas children and youth in Ontario must wait an average of 5 months for mental health treatment and there are currently over 200 children on Algoma Family Services waiting lists, where it is not uncommon for children and youth to wait up to a year for a psychological assessment and required treatment services; and

Whereas a one-time injection of 3-percent to base budgets, though appreciated after 12 years of no increases, is simply not adequate to enable agencies to maintain existing staff or services; and

Whereas it is important that children in treatment be able to create and sustain trusting relationships with their child and youth workers, social workers, psychologists and other treatment team members; and

5. (l) Whereas any reform efforts will fail unless there is more funding for existing core services;
Now therefore be it resolved that the City of Sault Ste. Marie City Council request the Province of Ontario to secure further funding for that purpose. CARRIED.

Be it resolved that City Council request of the Minister of Long Term Care and Health an expeditious approval of the Sault Area Hospital's functional plan. CARRIED.

Moved by Councillor S. Butland
Seconded by Councillor J. Caicco
Whereas the Sault Ste. Marie Area Hospitals have shown leadership in the rationalization of services and attempts at balancing budgets and following as best as possible the edicts of the Ministry; and
Whereas the physical footprint of the new facility has been downsized twice within the past three months; and
Whereas there have been repeated assurances that Ministry approval is pending only to be delayed for various reasons; and
Whereas the positive initiatives by the hospitals has not resulted in extra financial assistance to deal with deficits nor seemingly have not advanced the progress of the new facility;
Now therefore be it resolved that City Council requests a meeting with the Minister of Health and Long Term Care or in his stead an upper level official with appropriate authority to discuss the status of the new hospital for Sault Ste. Marie; and
Be it further resolved that the V.P. of Communications with the Sault Area Hospitals determine the appropriate attendees to this meeting and that M.P.P. David Oraziotti be requested to facilitate this meeting in a timely fashion. (Mover/Seconder removed their names from motion) OFFICIALLY READ NOT DEALT WITH.

7. (b) Moved by Councillor P. Mick

Whereas many citizens now access the Memorial Gardens concourse for walking on a regular basis; and
Whereas these people are concerned that the plans for the new Sault Ste. Marie Sports and Entertainment Centre may have disregarded this activity;
Therefore be it resolved that Community Services staff report to Council about future plans concerning this healthy lifestyle at the new complex. CARRIED.
- (c) Moved by Councillor J. Caicco
Seconded by Councillor S. Butland
Be it resolved that Council request of appropriate staff a report on the feasibility and advisability of the removal of parking meters in the downtown area. It is anticipated the report would elaborate on:
- cost implications of such a move
 - experience of other cities in Ontario who have implemented this policy
 - consultation conducted with merchants/businesses and the Downtown Association
 - potential positive/negative effects of the no-meter policy
 - a monitoring system by present staff to prevent abuse of the no-meter parking. CARRIED.
- (d) Moved by Councillor T. Sheehan

Whereas the Standing Committee on Canadian Heritage has directed the CBC to develop plans for the return of local/regional programming into key Canadian markets formerly having CBC services; and
Whereas City Council has supported enhanced local/regional news coverage in Sault Ste. Marie and Northern Ontario; and
Whereas LTVNEWS has prepared a draft proposal for a local news broadcast on Channel 5 in Sault Ste. Marie which if feasible will achieve a return of a live local news program to the community;
Now therefore be it resolved that the draft proposal of LTVNEWS entitled Outline of LTVNEWS/CBC Proposal BE REFERRED to the Economic Development Corporation for review and report back with recommendation to Council. CARRIED.

The report entitled Outline of LTVNEWS/CBC Proposal was received by Council.

7. (e) Notice of Motion

Mover Councillor B. Hayes

Seconder Councillor P. Mick

Whereas in 2002 Read Voorhees & Associates was retained to complete a transportation study for the City of Sault Ste. Marie; and

Whereas the transportation study provides a number of recommendations and alternatives; and

Whereas it is recommended that the extension of Pine Street from Northern Avenue to Second Line is the preferred option to increase the north-south corridor capacity between Wellington Street and Second Line as a further widening of Great Northern Road between McNabb Street and Second Line would significantly impact several existing businesses; and

Whereas a neighbourhood meeting was held and strong opposition from those who would be directly impacted was voiced; and

Whereas a public hearing was also held with the majority of the attendees again voicing opposition to the proposed extension of Pine Street; and

Whereas several valid arguments have been heard, not the least of which is the fact that Pine Street is almost solely residential with public schools and a park in the immediate vicinity; and

Whereas the extension of Pine Street and the associated traffic increase will have a profound negative impact on the quality of life for those in the immediate area;

Now therefore be it resolved that Council eliminate the extension of Pine Street as an alternative to alleviating the alleged traffic congestion on Great Northern Road.
